

AIMPLAS is pleased to invite you to participate in the II International Seminar on Plastic Packaging, which will take place on 5th and 6th of October, in Valencia.

In this edition, it has been incorporated an open space for companies interested to present, through presentations, their innovations and new developments in the plastic packaging field.

The following areas can be expounded in the presentations:

- Trends and new developments in plastic materials for packages.
- Trends and new developments in additives for plastic packages.
- New transformation processes in the packaging industry.
- New developments in plastic packages.
- New developments in packages sustainability (biodegradable materials, packages recyclability, materials and sustainable developments, etc.).

If your company has any development in these areas, you can send a [summary form](#) **before the 20th of May, 2011**

The summary must show the following structure:

- *Title of the presentation.*
- *Goal of the presentation.*
- *Innovative character of the development.*
- *Contribution to industry.*
- *Improvements in comparison to previous developments (measurable).*
- *PosiPossible applications.*

Presentations acceptance shall depend on their innovative character and shall be evaluated by the organizing committee of the seminar.

The presentations accepted will have at their disposal 30 minutes, including 5 minutes for questions and answers.

In addition to the seminar, we would like to invite you to participate as a sponsor of the event and thus positioning your company among the attendants to the II edition of a seminar, which counted with **more than 100 attendants** in its first edition (2009).

All the information, as well as the conditions and advantages of participating as a sponsor of the seminar can be consulted in this web site. If you have any questions, do not hesitate to contact with us on: info@seminarioenvaseplastico.com
